Our July meeting was a most enjoyable one at Currumbin estuary. The weather was perfect, and we finished the day at the Currumbin RSL for lunch. We had a throwdown but these are the only photos I have.

Mark was quick to capture the early light on the estuary.

Janette with her beautiful soft colours, followed by my effort. It looks too pale now but....whatever!!

We had perfect weather also, in June at the Spit. I'm a bit late sharing these photos which I'll have added to our RQAS website and FB page. Our next event should appear on FB.
